Office Add:10th Floor, Block A, NKC Bay Area, No. 123 Zhongshan
1st Road, Xiqu Street, Zhongshan City, Guangdong Province, China

Wahson

COMPANY PROFILE

Wahson Technology – Made history in 1916 with China's first domestically-manufactured electric fan, a landmark product now preserved in the National Museum of Industry. After a century of development, its sales network covers many countries worldwide.

Our factory is located in the ceiling fan manufacturing base of Zhongshan, Guangdong province, China. With a total investment of 10 million yuan and a factory area exceeding 5000 square meters, it integrates R&D, production, sales and service, focusing on providing high-quality electrical appliances globally to fulfill the vision of "revitalizing the light industry of the Chinese nation".

Our company has established an international standard quality management system, adhering to the design philosophy of green, functional, fashionable and technological. Products have obtained ETL, CE, CB, ROHS and EESS-SAA certifications, with OEM/ODM customization services available. In the future, we will adhere to the mission of "inheriting century-old classics and promoting national brands", and sincerely welcome partners from domestic and international for cooperation!
